### Department of Medicine

Driven to be the Best.

**Mineola, Long Island, NY. NYU Winthrop Hospital** is a world-class *MAGNET*® recognized 591-bed university-affiliated medical center and a major regional healthcare resource with a deep commitment to medical education and research. Our team of skilled and dedicated professionals is the key to our success. We offer an incredibly positive workplace that truly nurtures, develops & engages our staff, creating an environment for you to be your best! In fact, NYU Winthrop Hospital was recognized this year by *Forbes Magazine* as being #18 on the list of **"America's Best Employers"** in the US, and one of the **Best Regional Hospitals in the New York Metro area for 2017-2018** by *US News and World Report*. In addition, *Healthgrades* recognized NYU Winthrop Hospital as a Distinguished Hospital for Clinical Excellence™ (2015/2016), performing in the top 5% of all U.S. Hospitals overall.

NYU Winthrop Hospital is affiliated with NYU Langone Health system, creating a clinically integrated healthcare network between our two organizations. NYU Winthrop is a primary clinical campus for Stony Brook University School of Medicine with dynamic medical student education on site and ACGME-accredited residency and fellowship programs across multiple disciplines. Our faculty members hold academic appointments at Stony Brook University School of Medicine and are active in the teaching and training of medical students, house staff and fellows.

NYU Winthrop has a vibrant multi-faceted research program. As part of its mission as a teaching hospital, physicians and scientists are engaged in groundbreaking basic and clinical biomedical research. NYU Winthrop is fully committed to research and discovery, having invested over \$110 million in our new state-of-the-art Research & Academic Center. **Our Section of Allergy in the Division of Rheumatology/Allergy and Immunology is seeking a full-time board certified/eligible Allergist/Immunologist to join our thriving, esteemed group.** Individuals with a strong background in clinical allergy and immunology, as well as translational scientists would be excellent candidates. Applicants must be licensed to practice medicine in New York State and be Board certified in Internal Medicine and board certified/eligible in Allergy and Immunology.

We have a fully accredited Allergy and Immunology Fellowship program with a highly dedicated faculty possessing a diverse mix of clinical, translational, basic science and educational interests. The Division thrives clinically through its robust inpatient, ambulatory and research related services. Our Drug Allergy Program and Asthma Center collaborate strongly with other disciplines including Gyn-Oncology, adult and pediatric Hematology Oncology, adult and pediatric Pulmonary, Rheumatology and Infectious Disease.

**Easy Commute: NYU Winthrop Hospital** is conveniently located on Long Island in Western Nassau County just 25 miles from Manhattan and one block from the Mineola LIRR station.

We offer a competitive compensation package that includes: competitive base salary, productivity/quality incentives, CME, comprehensive medical/dental benefits, retirement savings plan (403b), malpractice coverage, and generous paid time off.

Candidates should send a letter of interest and CV to: [Gloria.Petralia@nyulangone.org](mailto:Gloria.Petralia@nyulangone.org).
